How to reset your Gmail Password.

This document describes how to reset your Gmail password. If you have forgotten your password and need it reset, then please contact our office and one of our associates will reset it for you. Provided you have a valid Einstein ID.

First, log into your Gmail account and click on Settings.

In the Settings window click on Accounts and Google Account Settings.

In the Google accounts window click on Change password.
Enter your current password followed by your new password twice and click on **Change Password**.

---

Password change
