POLICY on RESIDENT PROMOTION AND DISMISSAL

As required by the ACGME Institutional Requirements, the AECOM Committee on Graduate Medical Education (COGME) has established the following policy on resident promotion and dismissal:

1. Each residency program must establish a written policy pertaining to resident promotion and dismissal.
2. Residency Program Directors should use the Guidelines for Academic Support and Remediation developed by COGME when working with residents who may be experiencing academic performance problems.
3. In the event that it is determined that a resident should be dismissed, the due process policies of the employing institution must be followed.

Approved May 2002
