Configuring Internet Explorer 10 for use with iRIS

To use iRIS in Internet Explorer 10, you must switch to “Compatibility View.”

1. Click on “Tools” (press Alt-T if you don’t see it).
2. Click on “Compatibility View.”
3. If “Compatibility View” is grayed out, click on “Compatibility View settings.”
4. In the “Add this website” box, enter “yu.edu”
5. Click the “Add” button.
6. “yu.edu” should appear in the “Websites you’ve added to Compatibility View” box.
7. Click the “Close” button.
