Listen Up!: Active listening and efferent modulation of the afferent auditory system

Barbara Cone, Ph.D., CCC-A, FASHA, FAAA
Professor of Speech, Language and Hearing Sciences
University of Arizona

Van Etten, 1C-1
4pm, Wednesday, November 17, 2010

Biographical note:
Dr. Cone received her bachelor's and master's degrees at the University of California at Santa Barbara and her Ph.D. in Communication Disorders at the University of Texas at Dallas.

She has held research, teaching and clinical positions at Arizona State University, University of Southern California School of Medicine and the Los Angeles County Medical Center, The University of Melbourne, Australia and Bionic Ear Institute.

From 1981-1985, Dr. Cone was an assistant professor in Otolaryngology at AECOM, and directed the clinical auditory electrophysiology lab at the Kennedy Center. She was part of the team that wrote the grant that established the 1st Communication Disorders Center at AECOM-Kennedy Center. The years at Einstein have exerted a strong, positive influence throughout her career.

Please contact: Dr. John Foxe (john.foxe@einstein.yu.edu) for information.
