Albert Einstein College of Medicine is a responsive community of students, staff and faculty committed to actively modeling diversity, equity and inclusion. We embrace facts and reject stigma and discrimination. It is important to know that:

COVID-19 does not discriminate based on race, nationality or ethnicity — and neither does Einstein.

Wearing a mask does not mean a person is ill.

You can interrupt stigma by sharing accurate information.

Speak up if you hear, see or read misinformation; or witness, or experience harassment or discrimination.

As always, you may report concerns of discrimination to the Title IX Officer at 718-430-2541 or online at Report a Bias Incident, einstein.yu.edu/diversity/report-a-bias-incident.

Join us in helping to create an environment in which every individual is treated with the dignity and respect they deserve.
